MAXexpansion will, at its option, repair or replace this product at no additional charge to the purchaser if the defect is related to the MAXexpansion manufactured product. MAXexpansion is not liable for any defects in material or workmanship of any peripherals, products or parts that MAXexpansion does not design or manufacture. However, MAXexpansion will honor the original manufacturer's warranty for these products.

MAXexpansion will analyze the defective component and the customer will be charged in the following instances:

- No problem found: \$125 (U.S. dollars).

In the event a defect is not related to the MAXexpansion manufactured product, MAXexpansion shall repair or replace the defective parts at purchaser cost and deliver the defective parts to the purchaser.

This Warranty shall not apply if the product has been misused, carelessly handled, defaced, modified or altered, or if unauthorized repairs have been attempted by others. The above warranty is the only warranty authorized by MAXexpansion and is in lieu of any implied warranties, including implied warranty of merchantability and fitness for a particular purpose.

In no event will MAXexpansion be liable for any such damage as lost business, lost profits, lost savings, downtime or delay, labor, repair or material cost, injury to person or property or any similar or dissimilar consequential MAXexpansion or damage incurred by purchaser, even if MAXexpansion has been advised of the liability of such damages.
